

EASY CARE LOOP

All-weather mat that absorbs any kind of dirt.
For outdoor and indoor use.

Sizes:

60 cm × 90 cm
90 cm × 150 cm
90 cm × max. 25 m

Thickness: 7 mm

Weight: 3,8 kg/m²

Surface:

loops, closed

Material:

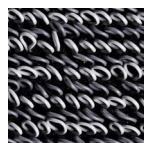

vinyl-coated polyester loops
with vinyl backing

Characteristics

- all-weather mat: absorbs sand in summer, dirt in fall or spring and snow in winter
- particularly high dirt-holding capacity (the loops strip coarse dirt from the shoes very well)
- vinyl coated polyester loops provide exceptional durability while being UV resistant
- withstands mechanical stress and hardly shows any signs of wear and tear
- non-slip, even at low temperatures the back remains soft
- can be used not only outdoors but also indoors: in heavily frequented business premises, building entrances as well as entrance areas in public facilities or also in industrial companies

Cleaning Instructions

For quick cleaning, shaking out, brushing off or vacuuming is sufficient.
In case of coarse soiling, cleaning can be done by cold water.
