115 × 240 cm, 150 × 200 cm
150 × 240 cm, 150 × 300 cm
200 × 200 cm, 200 × 300 cm

special sizes possible up to
max. 200 cm × 550 cm

Thickness: 8 mm
Weight: 2,8 kg/m²

Surface:

closed

Material:

PET-yarn
nitrile rubber backing

Flammability:

BS 4790 (1987) –
determination of the
flammability of textile floor
coverings: low radius of
ignition effect

Characteristics

- 66 UV-resistant standard colors for individual logo design (HD print quality)
- PET-fibers consist of 50 % recycled material
- very good color fastness and durability
- antistatic mats, durable and non-slip
- water absorption approx. 3,6 l/m²
- EAZYCARE DESIGN can withstand up to 200 washes
- available from 1 piece
- 100 % nitrile rubber backing resistant to greases, lubricants and oils
- reinforced rubber edge on all four sides (edge thickness 2,5 mm)
- mats are available with a back thickness of 1,5 mm or 3 mm (recommended for rimless mats, as better stability is guaranteed)

Order process

- for the file to be created, the logo or the desired motif is required as a vector-based file (eps, ai).
- specification of size and desired format (portrait or landscape)
- creation and sending of a draft, a subsequent incorporation of requirements or any possible modification
- production of EAZYCARE DESIGN at our manufacturer (delivery time 1 – 2 weeks)

Cleaning Instructions

In the case of normal soiling EAZYCARE DESIGN can be washed at 49 °C; for heavy soiling, wash up to max. 60 °C using non-ionic detergents with a low pH value.
