

YOGA DECK ULTRA

The resistant surface, combined with a padded bottom, ensures a high degree of ergonomics and is especially suitable for places where special attention is required.

Sizes:

60 cm × 90 cm
90 cm × 150 cm
90 cm × max. 22,8 m
120 cm × max. 22,8 m

Thickness: 14 mm

Weight: 5,7 kg/m²

Surface:

diamond structure, closed

Material:

polyvinyl chloride (PVC)

Slip resistance:

good / R10 (DIN 51130)

Characteristics

- available in two versions: black or black with yellow stripes for better hallway markings and therefore more safety at the workplace
- the non-porous surface is resistant to oils and chemicals and has a diamond structure, the bottom of the mat is made of foamed PVC, which provides a correct physiological suspension
- the mat absorbs noise and reduces the impact sound level in areas of use
- temperature-resistant up to +60 °C
- beveled edges on all sides reduce trip hazards
- for dry working areas (sedentary/standing work), for instance at assembly lines, etc.

Cleaning Instructions

Easy to clean: simply sweep it off or wipe with a moist cloth.

Installation

The mat does not require extra fixing, lies absolutely flat on the ground after a short time. Roll goods can be easily cut into shape. All you need for laying is a carpet knife, metal ruler and all-purpose scissors.
